## Latest news

### Cleancarbon.ai Receives SEBI Approval as Category II ESG Rating Provider

Cleancarbon.ai, a leading sustainability and carbon management platform, has received approval from the Securities and Exchange Board of India (SEBI) to operate as an Environmental, Social and Governance (ESG) Rating Provider under Category II (IN/ERP/Category-II/0019). With this milestone, Cleancarbon.ai joins the list of 18 SEBI-registered ESG rating providers in India, marking a major step in strengthening the country's ESG reporting ecosystem.

This recognition enables Cleancarbon.ai to independently assess the ESG disclosures and sustainability performance of Indian listed and proposed-to-be-listed companies as well as provide ESG certification. As a Category II ERP, the firm will focus on delivering transparent, data-driven ESG ratings and advisory services aligned with SEBI's Business Responsibility and Sustainability Reporting (BRSR) framework and international standards such as GRI, SASB, and GHG Protocol.
