EEPC India Features Mr. Nilesh Bhattad's Expert Column on CBAM

EEPC India invited [CleanCarbon.ai](#) CEO and founder Mr Nilesh Bhattad to write on how EU CBAM is impacting engineering exports from India to the European Union Commission. As India's engineering exports hit an all-time high of USD 122.43 billion in FY 2025-26, the EU Carbon Border Adjustment Mechanism (CBAM) is emerging as one of the most significant trade challenges for Indian exporters — especially in Iron & Steel, Aluminium, and other carbon-intensive sectors. [Read more...](#)

How a CBAM Consultant Saves Indian Exporters from EU Penalties

CBAM consultant plays a very important role in the EU [CBAM reporting](#) journey of Indian exporters to the European Union Commission. If experienced and right CBAM consultant is deployed to execute a CBAM compliance for any indian exporters, he can help in saving them from eu penalties.

In this blog, we will dissect more ways through which CBAM consultants can help avoid eu penalties. [Read more...](#)

Case Study

How Plasser India Strengthened CBAM Readiness with CleanCarbon.ai

Plasser India Private Limited, a subsidiary of the Austrian company Plasser & Theurer, has been a trusted partner to Indian Railways since 1965 and manufactures track maintenance, laying, and renewal machinery at its facilities in Faridabad (Haryana) and Karjan (Gujarat). As exports of machines and components like this to the European Union increased, Plasser India became subject to the EU's Carbon Border Adjustment Mechanism (CBAM). As it was facing compliance challenges, [Cleancarbon.ai](#) helped it meet all EU CBAM requirements. [Read more...](#)
